## OBJECTIVE

---

Fourth year Design and Interaction student with enthusiasm for innovative and interactive design. Pursuing an internship in HCI, human behavior, computer programming and/or design to further develop my skill set.

## EDUCATION

---

### UNIVERSITY OF CALIFORNIA, SAN DIEGO

Expected 2018

B.S. Cognitive Science, Design and Interaction

### PROGRAMMING AND STATISTICAL SOFTWARE EXPERIENCE

2014-2017

Java, HTML, CSS, Sketch, Python, Microsoft Excel, Adobe Photoshop and Illustrator

### RELEVANT COURSEWORK

2017

Design of Everyday Things, Usability and Information Architecture, Design for Development, Cyborgs Now and in the Future

## EXPERIENCE

---

### RESEARCH ASSISTANT, UCSD DESIGN LAB

2017-Present

- ➔ Conducted design-related research under PhD students and UCSD professors to enhance the overall design of human-used products and technology
- ➔ Organized and analyzed data for research-project focused on user-centered design processes
- ➔ Ran study sessions, clean and analyzed data for research –project working with the design of representations through human-computer interaction and information visualization

### RESEARCH ASSISTANT, COMPARITIVE COGNITION LAB

2017-Present

- ➔ Used eye-tracking software to gain a fuller understanding of the effectiveness of an object's design and content
- ➔ Conducted follow-up studies centered around human interaction in respect to visual representations such as graphs, art, charts, and other every-day visual interactions
- ➔ Analyzed data alongside UCSD PhD students and faculty to determine the results of eye-tracking experiments

### MARKETING TEAM, AUDREY'S CAFÉ, CA

March '16 – Present

- ➔ Worked under café owner to increase awareness of café through community and social media outreach
- ➔ Helped to build up social media platforms to increase online presence and awareness of café, including starting to create website and app for café
- ➔ Communicated with marketing team and café customers to identify and fix any problems to ensure positive marketing feedback and increase café popularity

## ADDITIONAL INFORMATION

---

Leadership Roles: Pi Beta Phi *VP Membership and New Member Coordinator*

Activities: Cognitive Science Students Association; Design at UCSD; Homeless Charter; Green Interdisciplinary Forum on Environmental Change, CHAARG, She's the First

Interests: Cooking, environmentalism, technology, and indoor cycling
